### Elden Ring Crack + Free (Latest)

A powerful sword lay in the dust. Ebon weapons, such as the Thorn Spade and Ash Blade, could be seen lined up in the side of the dirt path. "Frightened villagers, please go back to the village!" The village guardsman was shouting at the village villagers, who were hiding inside their homes while running toward the main street. "Please, there's nothing to be afraid of, I'm only a real man!" The village guardsman kept begging them in the distance, but the villagers were still running. "A real man? Do you know what that means? You look more like a demon than a man!" The villagers were snarling at him. They were hot-blooded and wide-eyed, but the men in the village tried to hide their fear at the guardsman. "This is a disgrace! A man who actually beats children is not a good man at all. Take him to the dungeon!" The guardsman took out his iron chain and grabbed the villagers from behind. Two of them were children, aged around five years old. "Uwah!" The guardsman was on top of a fallen log. Not seeing any movement, he raised his head. A girl was standing right in front of him. The guardsman was shocked. "Who the hell are you?" "I'm a courier from the Aldione Kingdom. Since this girl has run into a village with no men, I came here to see how I could help." The guardsman felt a strange feeling, as if he was in the midst of a dream. In front of him stood a girl. It was because he was unconscious in the middle of the main street that the guardsman was not able to notice her existence. The girl who stood before him was not a girl. She was a lady. From the hairstyle and form of her body to the way she dressed, it was obvious she was a lady. "Do you have any idea what this country is like? Women are treated like sheep. Any man who touches a woman's body is killed immediately! This country's laws and customs are completely brutal to women!" The guardsman felt disgusted.
