November 20, 2017 - The asset from 3DS RPG Maker FES is now officially available for MV. This set includes hundreds of new characters and enemies... and many of them are well known and loved among you. These characters and enemies are the first of a new collection that will include characters and enemies with over 900 more new characters and enemies and more other new creatures that have been added to MVC. These characters and enemies will not be listed from the moment they were brought to the market as we know that MVC does not have ownership of them as they are owned
